TREE SEEDS

We have in view a seed crop of the four kinds listed below, and will book advance orders for seeds to be collected in Sept. and Oct. 1944, at the following prices:

White Pine, per lb. \$3.00; Norway Pine, per lb. 12.00; Balsam Fir per lb. \$2.50; Hemlock, per lb. \$7.00.

Quarter-pound furnished at one-third of the pound rate. Less 5% for cash or C.O.D. No deposit required on advance orders. Regular terms to customers of approved credit. Seeds ready in December, or sooner if required for fall planting.

Explanation of Price List The letter S indicates seedlings, grown in broadcast beds at varying density. Sold bed-run, but graded according to height indicated where sizes vary considerably.

Transplants indicated by letter T. These are spaced one inch apart in rows 12 inches apart.

TT indicates trees grown in field rows, spaced about 1 by 3 ft. We grow only a few of these, and therefore do not quote a quantity price. However, we will be glad to quote special prices and to tell exactly how many we have of any of these trees.

Shipment will be by express, not prepaid, unless parcel post shipment is requested and postage included. Trees will be baled in pressure bales, protected by burlap and waterproof paper. This makes the lightest possible package. We ship from Sept. 1 to Nov. 15.

Terms- Free packing of all orders. 25% deposit required on C.O.D. orders. Regular credit terms to customers of approved credit. 5% discount for cash with order. No credit on orders under \$10.00. We are members of American Association of Nurserymen.
